

5-7600

6 July 1954

Dear Norman:

Many thanks for your letter of June 25. I am afraid this will not reach you until after you get back from your Latin American trip but there is nothing so urgent to report that I need bother you there.

I agree that there is little that can be done for your unfortunate friend. If we should get any further information, we will let you know.

I expect to be here until early in August and hope then to get abroad for three or four weeks. If you are in Washington during any part of July or early August, please let me know.

Love to Myra.

Sincerely,

SIGNED
